

money to schools

Overview

Money to Schools is the FREE and simple way for Schools, Clubs and Societies in the UK to earn cash for recycling empty printer cartridges and used mobile phones. You will receive a cash donation for each recyclable printer cartridge and mobile phone collected. The more items returned, the more cash earned!

Registration is simple; complete the application form online at www.moneytoschools.com. Following registration, scheme members will receive a welcome email containing their account number and a Welcome Pack in the post containing posters and other helpful information on how to get started.

There are two easy ways to use the Money to Schools recycling scheme and we recommend utilising both to maximise your potential fundraising.

Collection based system

Scheme members can ask parents, pupils and local businesses to bring their used printer cartridges and old mobile phones into school to a **central collection box**. Once you have a **minimum of 20 items** in the box, you can book a **FREE collection** on the Money to Schools website – www.moneytoschools.com.

When your boxes have been collected and processed we will email you a statement showing how much you have raised and send you a cheque.

Collections can be made from any UK address and we can even collect on your behalf directly from local businesses.

Freepost Envelope system

Schools can request a **FREE** supply of personalised freepost envelopes that can be distributed to parents, students, friends, family and local businesses. For example, you may wish to give these out following a school assembly on recycling, at parent's evenings, school plays and other fundraising events, or include them in pupils' book-bags or in a newsletter to parents.

The freepost envelopes are very easy to use, simply place empty cartridges and/or mobile phones into the envelope, seal it and pop it in the post (no stamp required). Once received by Money to Schools its value is added to the school's account and shown on the next statement.

Benefits

-  Free collection from any UK mainland address
-  Free freepost envelopes to hand out
-  Free promotional materials
-  Helpful and prompt customer support
-  Good for the environment
-  Fits into many curriculum areas
-  We pay maximum prices by keeping our overheads low

Recommend a Friend Scheme

Once you have joined Money to Schools you can easily boost your earnings by recommending other schools to join us. **Earn £10 for every new school** that joins as a result of your recommendation. The new member also receives a **£5 voucher** to kick-start their recycling scheme! Further details can be found on the Money to Schools website.

Competitions

Money to Schools frequently runs competitions that you can enter simply by returning cartridges for recycling. Watch out for limited time special offers too!

Background Information

Money to Schools is run by ERS Europe Ltd which is part of the ERS group based in the USA, which has been trading for over 21 years. ERS is the largest printer cartridge recycler in the world recycling in excess of 1 million printer cartridges each year.

This means that you will benefit from working with a well established company assuring you of a 1st class service and the best possible prices for the items you collect.

Example prices

Below are some sample cartridges from our price list based on the most popular items returned in July 2010. The full and up-to-date price list can be viewed and downloaded from the Money to Schools website.
